Applicants filed "Request For Corrected Filing Receipt and Corrected Notice of Acceptance" on 23 September 2005, by facsimile. It has been treated as a petition under 37 CFR 1.181.

On 01 March 2005, applicants submitted a transmittal letter for entry into the national stage in the United States accompanied by the basic national fee, examination fee, and a declaration of the inventors.

On 14 September 2005, the Office mailed Notification of Acceptance (Form PCT/DO/EO/903) indicating that the requirements under 35 U.S.C. §371 (c)(1), (c)(2) and (c)(4) were satisfied on 01 March 2005 and indicating that a small entity statement and an indication of small entity status were filed on 01 March 2005.

Applicants request a corrected filing receipt and Notification of Acceptance to correct the allegedly erroneous indication of small entity status on each. A review of the application file does not reveal a small entity indication or statement. A corrected filing receipt and Notification of Acceptance will be issued.

For the above reasons, the Petition Under 37 CFR 1.181 is **GRANTED**.

This application is being forwarded to the National Stage Processing Branch of the Office of PCT Operations for continued processing in accordance with this decision, including issuance of a corrected Notification of Acceptance and a corrected filing receipt.
